

### Automotive Flasher Relay

CHINT® Automotive is an automotive flasher relay products manufacturer and supplier in China. We have been specialized in automotive electronic products decades. CHINT® automotive electronic products mainly includes Flasher Relay, Wiper Relay, Body Control Module and Automotive Alarm for OEM and customer; CHINT® automotive electronic products are able to develop various module for customer

special demand.

CHINT® Agricultural Machinery Flasher Relay developed for agricultural and machinery vehicle with heavy duty.

	<b>Automotive Flasher Relay</b>	<b>Product Specification Intro</b>
		<b>Basic Serie</b>
<b>Description</b>		
This is a Basic Type of Flasher for Automotive Flasher Relay, universal for most of the basic function demand. 3 pins of connection and available capacity for 21W*4. Advantage: 1. Size is small which is easy to manage the space. 2. A universal usage, can match most of the flasher system. 3. Test: Dielectric strength test, Disruptive test, Insertion and extraction force test, overload test, Reversed polarity voltage test, Salt spray test, Vibration test, High temperature work test, Low temperature work test, Temperature change resistance test, Life endurance test.		
<b>Feature/Benefits:</b>		<b>Application:</b>
Rated Working Voltage: 12V		
Rated Capacity: (21W*2)*2		
Frequency: 85±15c/min		
Working Temperature: -30℃ ~ 70℃		
Life Endurance: 36H for 21W*4 (Base on Frequency)		
With/Without Fault Indication function
